Admiral George W. Anderson, Jr., USN (Ret.)  
Chairman, President's Foreign Intelligence  
Advisory Board  
The White House  
Washington, D. C. 20500

Dear Admiral:

The enclosed Inspector General report is the result of my request for an investigation of allegations that reporting from Saigon during the post-Cease Fire period was edited or selected to present a more favorable picture of the South Vietnamese regime than was actually the case.

I believe that the report and the record of interviews on which it was based will be of interest to you and the other members of the Board. Its confirmation of the integrity and objectivity of Agency reporting under difficult circumstances was reassuring to me, as I trust it will be to you.

Sincerely,

/s/ Bill

W. E. Colby
